Governance Arrangements and Scheme of Delegation

2021/22

Last Updated: 01/04/2022/

Principles of this Scheme of Delegation

Invictus Education Trust is a group of six secondary schools and one primary school with one shared vision, one Board and one Scheme of Delegation.

Invictus Education Trust's model of governance is to recognise:

- **The overall accountability of the Board for the performance of the Trust, supported by its committees**
- **The responsibility of Chief Executive Officer for the line management of Headteachers and Senior Leaders**
- **The responsibility of School Governing Board's is ensuring that the school is at all times delivering the Trust's vision and ethos. Holding the Headteacher to account for performance against its financial targets (set centrally in consultation with Headteachers) and supporting the School in becoming the school of choice in the local community.**

All governance flows from the Invictus Board of Trustees. The Trust is a company limited by guarantee and an exempt charity, whose principal regulator is the Secretary of State for Education. The Trust's governance must comply and operate within the framework of the following documents:

- Invictus Education Trust Master Funding Agreement & supplementary funding agreements
- Invictus Education Trust Articles of Association
- ESFA Academy Trust Handbook 2021
- DfE Governance Handbook and Competency Framework *October 2020*
- DfE Academy Trust Governance – Structures and Role Descriptors *October 2020*

Invictus Education Trust will ensure that it is at all times compliant with all statutory obligations as prescribed by the Department for Education (DfE), Education and Skills Funding Agency (ESFA), and Charity and Company Law as well as other applicable laws and regulations.

As a single employer, Invictus Education Trust is committed to ensuring that it operates within UK employment legislation, recognising the relevant unions where appropriate.

Schools within the Invictus Education Trust work closely with the Trust's central team to make decisions in the best interest of the communities and students that they serve, in line with the Trust's vision.

Each school has its own identity but is clearly identifiable as an Invictus Education Trust school, and shares common values, aspirations and approaches.

The Invictus Board acknowledges the moral and statutory responsibility to safeguard and promote the welfare of all students and endeavours to provide a safe and welcoming environment where children are respected and valued. The Trust is alert to the signs of abuse and neglect and will follow the set procedures to ensure that children receive effective support, protection and justice.

Each school is committed to enabling children and students to become effective, aspirational learners with a broad and enriched understanding of, and commitment to, their communities and the wider world.

Each school is relentless in its pursuit of 'World Class' in terms of its academic performance, teaching, leadership, behaviour, enrichment and pastoral support, and committed to achieving common standards of excellence across the Trust.

Our Culture

Invictus Education Trust was created in March 2015 by a group of like-minded schools: Crestwood, Ellowes Hall Sports College, Kinver High and Wombourne High School. Three schools have since joined us, Leasowes High School in Autumn 2016, Pedmore High School in September 2018 and Rufford Primary School In September 2021 further strengthening an already thriving trust.

Where we differ from other Multi Academy Trusts is our intention to collaborate, across our schools in every aspect.

This means that our students, staff, parents and community all benefit from the culture we have created with our vision, mission and values, collectively known as our culture, the Invictus Culture.

Vision Statement

We provide our communities with an excellent education, unique opportunities, and elite experiences. Our Students love attending school and our team are proud to represent their school and trust.

Mission Statement

Whatever their starting point, our students make positive progress, with a perfect mix of academic challenge, pastoral care, and enriching experiences.

Invictus Values

- Value One** – **Every day, in every way, our students come first**
Our first and most important value
- Value Two** – **Anything is possible**
We focus on the challenge to identify it. Our energy is spent finding a solution
- Value Three** – **Accountability**
If it is to be, it is to be me
- Value Four** – **Seek and Seize Opportunities**
We aim to deliver ‘WOW’ through opportunities and experiences
- Value Five** – **Focus on relationships and all else will follow**
Open, honest and empathic relationships with clear and simple communication are the foundations of our Trust
- Value Six** – **Start with the end in mind**
We identify our aspiration and put processes in place to exceed expectations. We celebrate our progress throughout the journey.
- Value Seven** – **Think collaboratively**
We always ask ourselves, can we include more students, more of our team or more of our schools in everything we do

Trust Governance

Invictus Board provides a framework in which the Trust's Members, Trustees and Governors can fulfil their roles. Everyone in governance should be aware of and accept 'The 7 Principles of Public Life' as set out by Lord Nolan:

- **Selflessness** – Holders of public office should act solely in terms of the public interest
- **Integrity** – Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or material benefits for themselves, their families, or their friends. They must declare and resolve any interests and relationships.
- **Objectivity** – Holders of public office must act and taken decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.
- **Accountability** – Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.
- **Openness** – Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.
- **Honesty** – Holders of public office should be truthful
- **Leadership** – Holders of public office should exhibit these principles in their behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

Purpose of Governance

The purpose of Governance is to provide confident and strong strategic leadership which leads to robust accountability, oversight and assurance for educational and financial performance.

The Trust Governance has three core functions:

- 1. Ensuring clarity of vision, ethos and strategic direction**
- 2. Holding executive leaders to account for the educational performance of the Trust and its students, and the effective and efficient performance management of staff, and**
- 3. Overseeing the financial performance of the Trust and making sure its money is well spent.**

Effective Governance

Boards must be ambitious for all children and infused with a passion for education and a commitment to continuous school improvement that enable the best possible outcomes.

Effective governance is based on six key features:

- **Strategic Leadership** – that sets and champions vision, ethos and strategy
- **Accountability** – that drives up educational standards and financial performance
- **People** – with the right skills, experience, qualities and capacity
- **Structures** – that reinforce clearly defined roles and responsibilities
- **Compliance** – with statutory and contractual requirements
- **Evaluation** – to monitor and improve the quality and impact of governance

Strategic Leadership

That sets and champions vision, ethos and strategy through:

- A clear and explicit vision for the future set by the Board of Trustees, in collaboration with Executive Leaders, which has student progress and achievement at its heart and is communicated to the whole Trust.
- Strong and clear values and ethos which are defined, embedded and adhered to across the Trust
- Strategic planning that defines medium to long-term goals, and development and improvement priorities which are understood by all
- Processes by which to monitor and review progress against agreed strategic goals
- Mechanisms to enable the Board to listen, understand and respond to the voices of staff, students, parents and the local communities
- Determination to initiate and lead strategic change
- Procedures for the Board to set and manage risk, ensuring that risks are aligned with strategic priorities and improvement plans and that appropriate intervention strategies are in place.
- An informed decision on whether to expand the Trust, which is underpinned by robust due diligence.
- An awareness of the need to review the effectiveness of governance structures and processes, if the size/complexity of the Trust changes

Accountability

That drives up educational standards and financial health through:

- Rigorous analysis of student progress, attainment and financial information with comparison against local and national benchmarks
- Clear processes for overseeing and monitoring school improvement and financial health, providing constructive challenge to school leaders
- A transparent system for performance management of executive leaders linked to defined strategic priorities
- Effective oversight of the performance of all other employees and the framework for their pay and conditions of service
- A regular cycle of meetings and appropriate processes to support business and financial planning
- Effective controls for managing within available resources and ensuring regularity, propriety and value for money

People

With the right skills, experience, qualities and capacity who:

- Understand the purpose of governance and the role of the non-executive leadership and have all the necessary skills to deliver it well
- Can perform as an effective Chair and Vice-Chair with the ability to provide visionary strategic leadership
- Provide sufficient diversity of perspectives to enable robust decision making
- Are recruited through robust and transparent processes against a clear role specification
- Use active succession planning to ensure the Board and the Trust continues to have the people and leadership it needs to remain effective
- Can employ a professional clerk to provide expert advice and guidance and to ensure the efficient and compliant operation of the Board

Structures

That reinforce clearly defined roles and responsibilities through:

- Appropriate Board and Committee structures that ensure sufficient and robust oversight of key priorities
- Clear separation between strategic non-executive oversight and operational executive leadership, which is supported by positive relationships that encourage a professional culture and ethos across the Trust
- Processes for ensuring appropriate communication between all levels of governance and to students, parents, staff and communities
- Significant separation between Members and Trustees to enable members to exercise their powers effectively
- Published details of governance arrangements including the structure and remit of the Board and any committees.
- Complementary and non-duplicative roles for the Board, any committees or School Governing Boards.

Compliance

With statutory and contractual requirements, through:

- Awareness of, and adherence to, employment legislation and where applicable to charity and company law and all other legal duties.
- Plans to ensure that key duties are undertaken effectively across the Trust such as safeguarding, inclusion, special educational needs, disability (SEND) and monitoring and oversight of the impact of pupil premium and other targeted funding.
- Adherence to the requirements of the ESFA Academies Financial Handbook (AFH) and the Trust's funding agreement and Articles of Association.
- Understanding of, and adherence to, responsibilities under the Equalities Act, promoting equality and diversity throughout the Trust, including in relation to its own operation.

Evaluation

To monitor and improve the quality and impact of governance through:

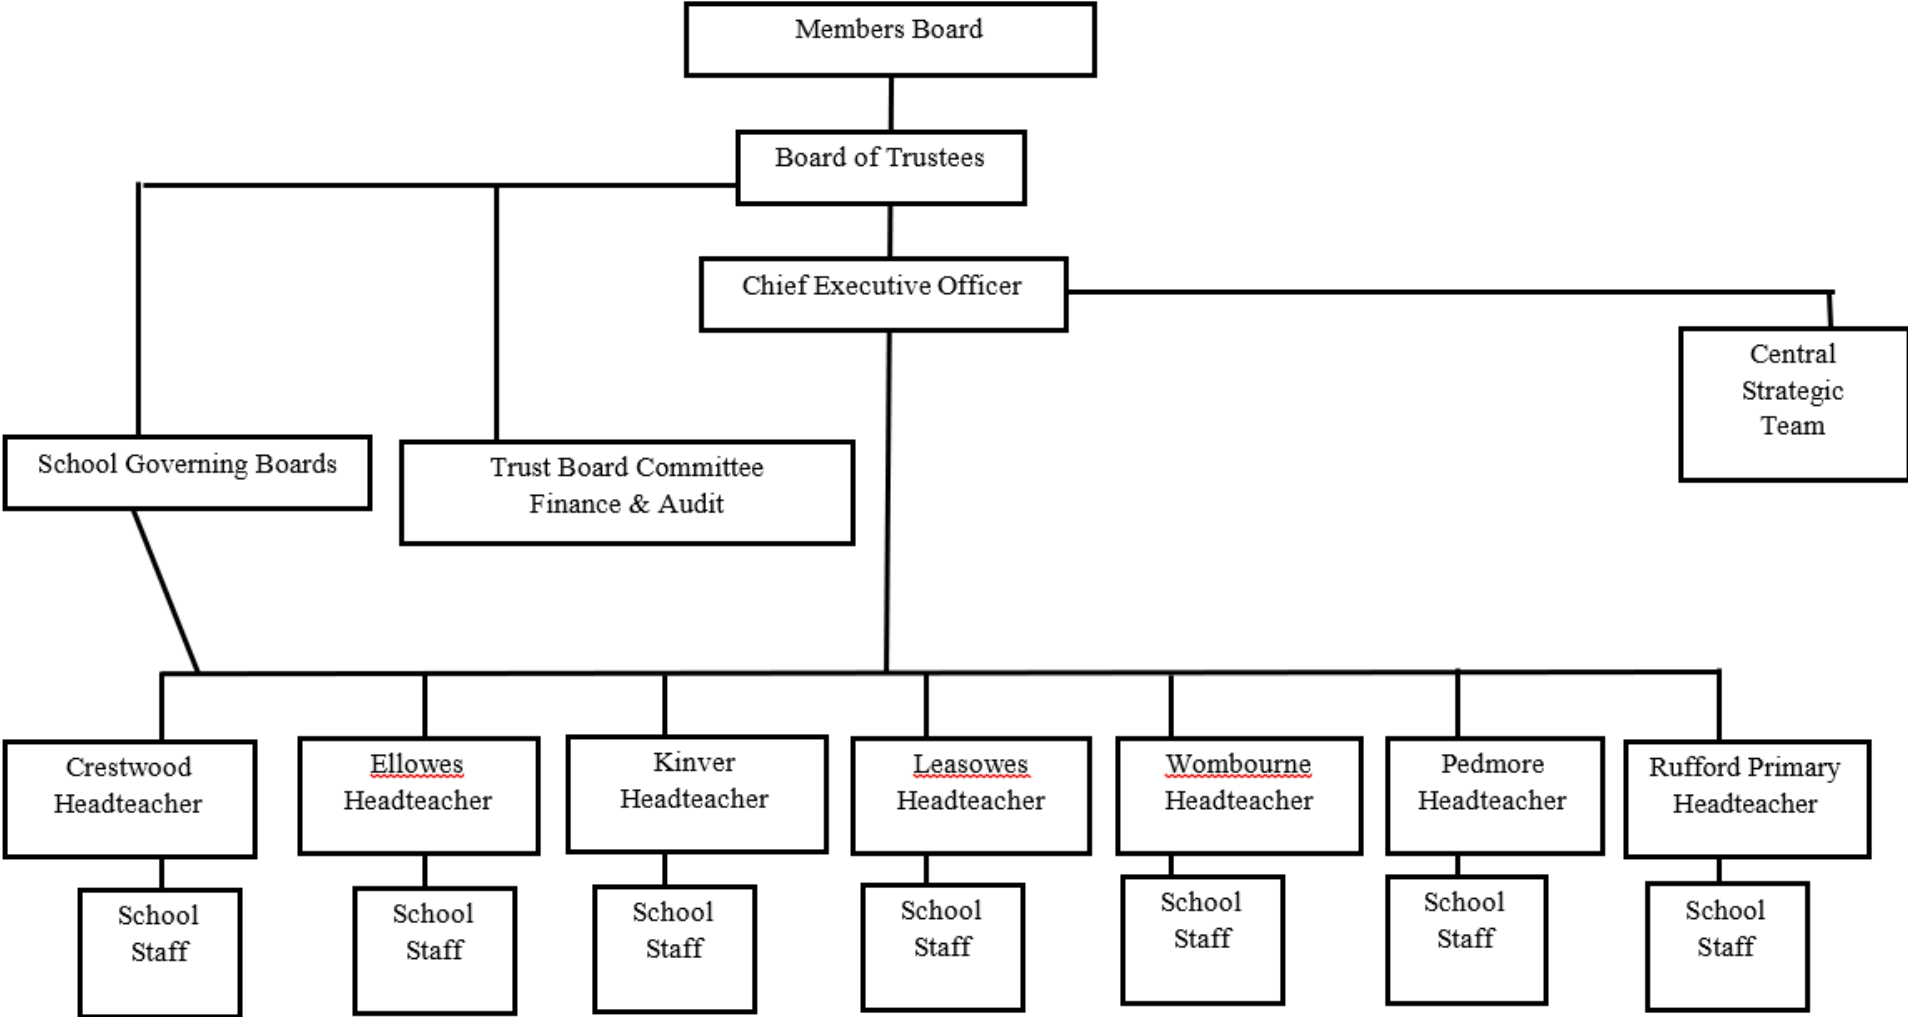

- Regular skills audits, aligned to the Trust's strategic plan, to identify skills and knowledge gaps, which inform recruitment and training needs, including appropriate induction for those new to governance.
- Processes for regular self-evaluation and review of individual's contribution to the Board as well as the Boards overall operation and effectiveness
- Commissioning external reviews of Board effectiveness, particularly at key growth or transition points.
- Documentation which accurately captures evidence of the Boards discussions and decisions as well as evaluation of its impact and which complies with legal requirements for documentation retention.

Every School is ultimately governed by the Board of Trustees. The Trust has established a clear organisational structure with identified lines of accountability and reporting for all its operations. This includes defining the responsibilities of the Trust Board and those responsibilities delegated to its committees and officers within the Trust.

The Board of Trustees sets out clearly what they expect of individuals, particularly when they first join the Trust Governance Team. A code of conduct is maintained and communicated to all prospective appointees to the Board of Trustees and School Governing Boards, to set clear expectations of their role and behaviour.

The Board of Trustees may withdraw all/or part of any delegated authority to a committee or individual or group at any time.

5. Invictus Education Trust Management structure

Members

Every trust has members who have a similar role to shareholders of a company limited by shares. They:

- are the subscribers to the memorandum of association (where they are founding members)
- may amend the articles of association subject to any restrictions created by the funding agreement or charity law
- may, by special resolution, appoint new members or remove existing members
- have powers to appoint trustees as set out in the trust's articles of association and powers under the Companies Act 2006 to remove trustees
- may, by special resolution, issue direction to the trustees to take a specific action
- appoint the trust's external auditors and receive (but do not sign) the audited annual report and accounts (subject to the Companies Act)
- have power to change the company's name and, ultimately, wind it up.

The academy trust must have at least three members, although the Department's strong preference is that trusts should have at least five members. Having more members:

- provides for a more diverse range of perspectives
- ensures members can take decisions via special resolution without requiring unanimity.

School Governing Boards

Every school is ultimately governed by the Board of Trustees which has accountability for standards of performance and financial security across all schools in the MAT. The Board of Trustees has established the School Governing Boards with the purpose of ensuring that there is a common ethos, vision and strategy across all its schools and that the School Governors and Headteachers are held to account for the achievement of the Trust's priorities and targets.

The Board of Trustees acknowledges that whilst it plays the leading role in statutory decision-making on behalf of the Trust, the School Governing Board can provide a level and regularity of local challenge and scrutiny that the Trust Board cannot.

Those serving on School Governing Board are known as 'Governors'. Membership of the School Governing Board includes the Headteacher, members of staff, parents, and other members of the community.
